BIOGRAPHY · EN

FIFTEEN YEARS, IN THE MONTRÉAL UNDERGROUND

Maudite Machine started playing in Montréal in 2010, when Piknic Électronik and the SAT were the two rooms every local DJ wanted. He has played both since, along with Igloofest afters, the Phi Centre, Fonderie Darling, Théâtre Fairmount and a run of Québec festivals from TOTEM and Illusion to Future Forest and Groove & Bass. In 2026 he played OKAMI Festival in France.

His sets are hypnotic techno. The bass rolls, the changes come slowly and under the surface, and after a while the room stops watching the booth and moves as one. He plays it two ways: as a DJ on CDJs, and as a hybrid live set where Ableton Live, a Push 3, a Dreadbox Typhon and an APC40 drive the sequences in real time.

He founded VRSTL Records, an independent Canadian label that has released 21 EPs and 2 albums from artists in Québec, Argentina and Europe. His own catalogue on VRSTL runs to 13 releases since July 2024, including Limbos (October 2025), a nine-track album about a complete stop and an unexpected return.

He also teaches Ableton Live production, in Montréal and remotely, and has trained more than 70 students.

He is based in Montréal until early 2027, then in Montpellier, and is booking club and festival dates across Europe from spring 2027.

BIOGRAPHIE · FR

QUINZE ANS DANS L'UNDERGROUND MONTREALAIS

Maudite Machine joue à Montréal depuis 2010. Il est passé par le Piknic Électronik et la SAT, les afters d'Igloofest, le Centre Phi, la Fonderie Darling, le Théâtre Fairmount, et par les festivals québécois, de TOTEM et Illusion à Future Forest et Groove & Bass. En 2026, il a joué au OKAMI Festival en France.

Ses sets sont de la techno hypnotique. La basse roule, les changements arrivent lentement et sous la surface, et au bout d'un moment la salle arrête de regarder la cabine pour bouger d'un seul bloc. Il la joue de deux façons : en DJ set sur CDJ, et en live hybride où Ableton Live, un Push 3, un Dreadbox Typhon et un APC40 pilotent les séquences en direct.

Il a fondé VRSTL Records, label indépendant canadien qui compte 21 EPs et 2 albums d'artistes du Québec, d'Argentine et d'Europe. Son propre catalogue sur VRSTL totalise 13 sorties depuis juillet 2024, dont Limbos (octobre 2025), un album de neuf titres sur un arrêt complet et un retour inattendu.

Il enseigne aussi la production sur Ableton Live, à Montréal et à distance, et a formé plus de 70 élèves.

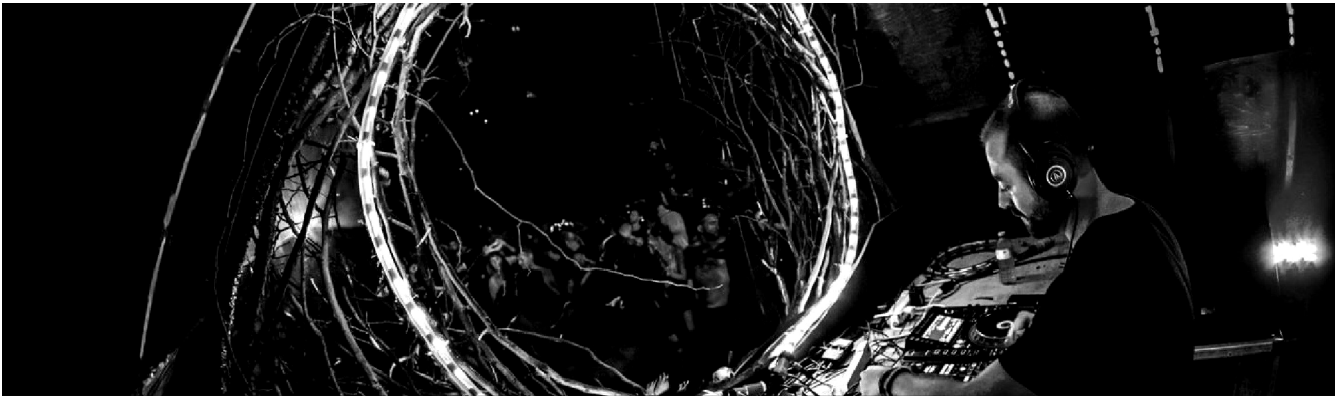

Basé à Montréal jusqu'au début 2027, puis à Montpellier, il prend des dates en club et en festival partout en Europe à partir du printemps 2027.

The space between the end and the new beginning. The album turns a complete stop, the passage to the other side and an unexpected return into electronic impulses. Each track works the territory where consciousness dissolves and reforms.
